Summer Ministry in Moldova

Summer in Moldova is an incredibly beautiful time. So much of summer ministry is done outside: camping, crusades, and building.

We were blessed with a team from Bismarck, ND. They worked hard on the church in Crasnoarmeiscoe. The church will start meeting in their new building this fall. We loved having Andy's brother, Dave come with the team. Thanks to all who have given to this church project this past year!

Elissa and Natalie love to go with their dad to Rbnitsa kid's camp. They are learning that God uses them too as they reach out to friends old and new.

Sara Tady, a missions intern from Northwest Univ. (WA) worked with us this summer. Andy and Sara did an impromptu kid's sermon on David and Goliath, in Russian, at the Rbnitsa Kid's Camp.

Andy enjoyed preaching a night of the Moldovan Youth camp where 350 young people came together to camp, play and be challenged by God.

We enjoyed the opportunity this summer to host two different college students, Sara Tady and Adam Denniston, as they examine a future in missions. Investing in future missionaries is a privilege.

Adam Denniston

When we visited a village one Sunday, Lauren and her sisters enjoyed the baby ducks--almost too much!

We enjoyed the annual church picnic in a nearby park. The church is in desperate need to purchase property and building. Since property prices have skyrocketed in Chisinau, we need God to do a miracle to provide the place and money! Please pray!
